We will be glad to welcome you at our booth (Hall 9 / Booth 9H 08) with the project *Compelling lexicons (lessici avvincenti)*.

Enrico Astuni Gallery booth for Arco Madrid 2015 shows a brilliant dialogue which connects the unique lexicons of seven artists: The calligraphic signs by **Carla Accardi** (Trapani, 1924 – Roma 2014); the non-semantic languages and alternative linguistic forms of **Carlos Amorales** (Mexico City, 1970); the signature style of **Pier Paolo Calzolari** (Bologna, 1943); the narrative flow by **Luigi Carboni** (Pesaro, 1957); the "performative landscapes" by **Shaun Gladwell** (Sydney, 1972); the "dada" re-elaboration of the art making by **Darius Mikšys** (Kaunas, 1969); the coexistence of pictorial space, museum space, past and present by **Luca Pozzi** (Milan, 1983).
